FOR IMMEDIATE RELEASE:

Johnson Systems Inc. Announces DPC-12 & DPC-24 Digital Pack Controllers for CD80 Portable Packs and Compact Rolling Racks

CALGARY, Alberta (February 1, 2012) - JOHNSON SYSTEMS INC. (JSI) is pleased to announce the release of the new DPC-12 and DPC-24 Digital Pack Controllers (DPC's) for CD80 Portable Packs and Compact Rolling Racks.

These direct plug-in replacement control modules supersede all previous generations of OEM and aftermarket controllers in both reliability and features.

Detailed information on the DPC-12 and DPC-24 Digital Pack Controllers - including product images, product sheets and specifications - is available on JSI's website at www.johnsonsystems.com.

ABOUT JOHNSON SYSTEMS INC. (JSI):

Johnson Systems Inc. (JSI) (www.johnsonsystems.com) is a leading manufacturer of state-of-the-art lighting control products and systems designed for television, theatre, hotels, convention centers, churches, theme parks and other facilities.
