FOR IMMEDIATE RELEASE:

JOHNSON SYSTEMS INC. Announces DMX 6-PORT MERGER

CALGARY, Alberta (February 1, 2013) - JOHNSON SYSTEMS INC. (JSI) is pleased to announce the release of the new DMX 6-PORT MERGER. The new 6-PORT MERGER combines up to six DMX512 data lines into one DMX512 universe. A cost-effective DMX input management solution for temporary and hardwired installations requiring multiple DMX sources or multiple opto-isolated DMX input locations. Model variants include compact portable, 19" rack mount and installation boxes for permanent installations.

Details on all 6-PORT models, including product images, product cutsheets and specifications are available on JSI's website at www.johnsonsystems.com.

ABOUT JOHNSON SYSTEMS INC. (JSI):

JOHNSON SYSTEMS INC. (JSI) (www.johnsonsystems.com) is a leading manufacturer of state-of-the-art lighting control products and systems designed for television, theatre, hotels, convention centers, churches, theme parks and other facilities.
